+1 931 449 0698

Willing to relocate to: Cookeville, TN - Spencer, TN - Baxter, TN

Authorized to work in the US for any employer

Work Experience

Laborer/Operator

A. O. Smith Corporation - Ashlandcity

November 2013 to Present

I started out as a skid man. Rolled tanks to become water heaters. Over onto a pallet. And strapped them up. After a few months of hard work I moved up to a tester position. Where I had to test the tanks for leaks after being welded. From there I got offered the opportunity to learn robotic welding and mig welding. So for the past 8.5 yrs I have been operating robotic welders. And doing mig welding.

Robotic Welder Operator

A. O. Smith Corporation - Ashland City, TN

April 2013 to June 2022

Well my position was, that I made sure the robotic welders stayed within the parameters and with a lot of hard learning, did not have any type of issues with the tank leaking air after it had been threw my line. In 9.5 yrs at this company. I became the senior operator and I must say one of the best set up guys around.

Education

High school diploma

White County High School - Sparta, TN

August 1992 to December 1998
